DA’WAH AND MASS MEDIA

Islam is Allah blessed religion that brings through Prophet Muhammad to the entire of humankind. Islam is a right path and it need to be propagate to all people to make sure. They are Muslim non Muslim that way that was through by all prophets, Allah was stated in the Al-Quran in Surah Al-An’am. Verses 153:

قَمِّمْ نُزِيرُ اللَّهِ الَّذِي يَبْهَدِي بِمَثْرَحُ صَدْرَهُ للإِسْلَامِ وَمَنْ نُزِيرُ أَنْ يُضْلِعَهُ بِحَجْعُ صَدْرَهُ ضَيْقًا حُرَّاحًا كَأَنَّا مَيْضَعُونَ فِي السَّمَاءِ كَذَلِكَ يَجْعَلُ اللَّهُ الرَّجُلَ عَلَى الْدِّينِ َلا يُؤْمِنُونَ

Meaning:

Verily, this is My Way, leading straight: follow it: follow not (others) parts: they will scatter you about from His (great) path: thus doth He command you that ye may be righteous.\(^6\)

It is the responsibility to Muslim to deliver it, the way is a manner that was practiced by Rasulallah and his companion to spreading Islamic faith on the ways, we was work to grasp the highest goal to achieve Allah pleasure. Our aim is to strengthen Allah faith, uphold Islamic state till there are no gossips on the earth. Allah was mention in surah An-Nahl verses 125:

Invite (all) to the way of thy Lord with wisdom and beautiful preaching; and argue with them in way that are best and most gracious; for the Lord knoweth best, who have strayed from His Part, and who receive guidance.\(^7\)

Islam’s main challenger to Muslims in facing globalization era because Islam is looking as the disunited faith and bring many problems. One of the cause factor that became as the source of this problem is the internal problem that come from Muslim themselves, this opportunity was be taken by the Muslim enemies that always wait for this chances to condemn Islam at the eyes of the world. By that means, the da‘i should be smart to deliver a true Islamic massage to gain back the magnificent of Islam.

Nowadays, is easier to be delivered by using a modern technology such us Internet, electronic media, printed media and others. These contemporary tools should be used completely even more that Muslim should empowerment this technology so as to know be let down in whole aspect in directly the da‘i will assist the da‘i to speared easier and effective.

13 Ibid. p. 182
Mass media is something that includes the tools, ingredients and infrastructure to obtain the people listening, watching, reading and learning directly or indirectly in their life.

Definition of Magazine

Magazine could be defined as the printed material that published according a specific time or periodical lines that contained a various graphic, advertisement, editor, columns and cover. That mean about the magazine will be research in this study.

Relationship between Mass Media and Da’wah

Allah was commended to knowledge people to explain religion people and spreading that knowledge to avoid people involve in danger of musyrik. Allah was explained in Al-Quran about the responsibility of the inviter is to delivering their knowledge so may flourishing the world with a good deeds. The job is a responsible to entire Muslim people, the job should be effort with ask people to be a good deeds and let off the bad thing with all ways else. Beside, pray to be ease a deal and rely to Allah as His verses 41 in surah Al-Haj:

الذين إن مكثوا في الأرض أقاموا الصلاة وآتوا الزكاة وآموا بالمعروف ونهوا عن المنكر وله عافية الأمور

Meaning:

(They are) those who, if we establish them in the land, establish regular pray and give regular charity, enjoin the right and forbid wrong: with God rest the end (and decision) of (all) affairs

Using Mass Media as a platform to propagate is one of alternative to aid the spreading. What means by medium is platform between the da'i and target people. The da'i also should use a smart method to deliver their whether in from of speech, writing moral and so on. Thus, the basic matter that should have at the da'i is knowledge. That is because Islam itself order the follower to seek the knowledge through reading and it is clearly stated in Al-Quran since it first revolution. The proof is in surah Al-Alaq verses 1-5:

أَقْرِأْ يَا بَشَامُ رَبِّكَ الْبَارِزِ (1) خَلَقْتُ الْإِنسَانَ مِنْ عَلْقٍ (2) أَقْرِأْ وَرَبِّيَ الْحَكِيمُ (3) الَّذِي
عَلَمَ بَالْقَدَمِ (4) عَلَمَ الْإِنسَانَ مَا لَمْ يَعْلَمُ (5)

Meaning:

*Proclaim! (Or Read) in the name of thy Lord and Cherishers, Who created, (1) create man, out of a (mere) clot of congealed blood: (2) proclaim! And thy Lord is most Bountiful, (3) He who taught (the use of) the Pen, (4) Taught man that which he knew not (5)*\(^{16}\)

In this modern world there are many methodology was using to aid the spreading Islamic faith such us Internet, television, radio, newspaper, magazine and others. The printed medium in form of written is also one of medium. Writing in latter form to invite and spread to humankind. As was use by Rasulallah that time to accept Islam such as the letter that was sent to Caesar at Persian, Hercules at Byzantine, Mauqiquis at Egypt and Negus at Ethiopia.\(^{17}\)

Mass media such as printed media like books, article in magazine and newspaper is the media that effective to been use in. Mass media have a close relation in because it

\(^{16}\) Al-Quran. Al-Alaq 96:1-5

is a platform to connect the *da'i* and Islamic society and non Muslim society. In directly it may send the knowledge about Islam to entire level of society to open their mind and their thinking.

The Islamic scholar and an Islamic Authority was followed Rasulallah style with sending a letter Auzi to one of Syam Abasiyan Governor. The history was proof that printing media was used for along time ago since prophet age and it is the medium to deliver to society at their time.

Magazine as Da’wah Methodology

Methodology is way that has been used to propagate. Methodology is a way to do something, system, arrangement or manners. Methodology is means the knowledge in form of research and systematic about manner or briefly namely knowledge or study about methodology. The right use of methodology directed with clear guidance, arrange and suitable with contemporary necessary in order to get the response and more impact from the aim.

Magazine is one of channel or methodology, in this contacts means the magazine that explain about Islam that cover up a vary aspect about Islam such as social manners order and forbid, permissible and prohibited, worship and others. As methodology, magazine should have basic criteria so that may accept by the aim group and then give more effect from that.

28 Ibid. p. 1
The Position of methodology in da\'wah

May be divided to two main components, there is content or teaching that wants to be delivering to the aim and the manner to send that teaching that named as methodology. According that diversity, methodology is an important thing in because it is an arrangement manner application in sending teaching to influencing the aims. It is difficult to accept the teaching even it is good if the style or method is not suitable with the aim. More than that, if the manners of delivering are not good.

The necessity of manner in is more clearly if be seen to the position of Islam that want to be delivering. Islam is the greatest and honorable religion, it reveal from Allah for mankind. It is the task of prophet in their Allah stated:

وَمَا عَلَّمَنَا إِلَّا الْبَلَاغَ الْمُبِينَ

"And our duty is only to proclaim the clear massage" 29

Al-Sabuni interpretate that verses which mention the prophet just deliver to their people massage from Allah (Allah Rule) by sending the clear and transparence without doubt and confusion. Beside that the sign of prophet at all of them in shape of mukjizat is clearly enough that never been rejected. 30

Zain al-Abidin al-Rakabi explains that one of condition in sending is clear and frank. That’s mean Islam which went to send to aim is must be in the best manner and medium within the must clearest explain action Allah said in surah al-Nahl verses 125. 31

29 Al-Qur'an. Yassin 36:17
30 Ab. Aziz Mohd Zain. 2001 Methodologi Dakwah. p. 4
31 Ibid. p. 4
Meaning:

"Invite (all) to the Way of thy Lord with wisdom and beautiful preaching; and argue with them in ways that are best and most gracious: For thy Lord knoweth best, who have strayed from His Path, and who receive guidance."\(^{32}\)

So that ask prophet S.A.W particularly and Muslim generally to perform by wisdom or smart, advice and a good discussion. By that way, the right way in is a part of the command of those verses.

From this point it can be seen that methodology is one important matter in. The missionary that follow a right ways is the da'i who thinking about the effectiveness in his. Style presentation of content manner generally important and be precondition to that shows how high the stand point methodology in.

Basic of Methodology

Methodology is manner, approaches way, and others similar as it that's held by arranged and systematic to ease and allowing the aim accepts and gains its impact. The basic of methodology may divided to a several type base on the Quranic verses in surah al-Nahl verses 25 that means "Invite (all) to the Way of thy Lord with wisdom and beautiful preaching ...." there is through wisdom, a good advices and by discussing, dialogue and best debating. That three basic mentioned, expanded to several to attract the aimer attention as follow:

\(^{32}\) Al-Quran. Al-Nahl 16:125
(a) Clear and frank explanation
(b) Interesting presentation
(c) Introduce a new thinking through new label
(d) Sympathy with aimer problem
(e) Propose an issue accurate at it times.
(f) Base on psychology
(g) A wide knowledge empowerment

1. Clear and frank explanation

Is to give an understanding to aimer, thus entire teaching and message that want be delivered should be clear and frank so there are no doubt and misunderstanding. Allah said in surah al-Nahl verses 35:

"فَهَلَّ عَلَى الْرَّسُولِ إِلَّا الْبَلَاغُ السَّمِيِّنَ

Meaning:
"....but what is the mission of apostle but to preach the clear message"

These verses describe the task of prophets Muhammad specially and others in general sent religion with clear and frank. Its clear shows that a clear explanation is a basic to the presentation of Islam to the aimer.

2. Interesting presentation.

Should be exposed to the aim is beautiful form, whether from external and internal. If looked to Al-Quran, it reveal to mankind in the beautifulness aspect even though from inside or outside till it become as the miracle that never ever be copy by humankind. The da'i should be drive to aim in beauty and pretty from its language, teaching and another aspect that way give an attraction to the aim.

---

33 Ibid. p. 12
34 Al-Quran. Al-Nahl 16:35
3. Propose thinking with new terminology.\textsuperscript{36}

The situation is caused a new thing is attracting. Thus, if the \textit{da'i} able to propose words, terms, form, new arrangement, it will more attract the attention if aim to delivered because it is human nature like to a new ones. Allah was using this as example always use another name for Al-Quran such as Al-Kitab, Al-Furqan, Al-Zikr, Al-Tanzil and others, also to Judgment day change to Waqiah, Qari'ah and Haqah. The missionary that able practice this approaches will be more creative and smart in deliver their \textit{dak'wa}.

4. Sympathy with aimer problem.\textsuperscript{37}

Also bring sympathy issue to problem that faced by its aimer. That's means bring along human instinct and it needs should be as a part of it. For example communist country that always arise an issue on hanger and folks problem to attract a weak and under press citizen.

Al-Quran was touching on human instinct issue, as example in relation an orphanage and the poor people. Allah stated in His verses in Al-Quran "Seest thou one who denies the Judgment (to come)? Then such is the (man) who repulses the orphan (with harshness)," the aimer that targeting in these verses is an orphanage and the poorest. They will be attracted to Islam on its sympathy. The \textit{da'i} must alert to the issue that may attract human attention.

5. Propose issue at it right time.\textsuperscript{38}

The teaching that had been proposed to its aim will be more take an attention if it accurate at it time required. Some body will pay more attention if it correct at its time. Al-Quran was applied this method by reveal the verses after there were a question from the target group. The Quranic verses were revealed at right time because the aim wait for it answer. What ever current issue that need a clear answer to society that

\textsuperscript{36} Ibid. p. 100
\textsuperscript{37} Ibid. p. 100
\textsuperscript{38} Ibid. p. 102
waiting for it should be the priority by the da’i to be relate with his propagate so that it will be more attracting.

6. Base on Psychology

Psychology knowledge and methodology is two things that can't be separated each other, Psychology is knowledge that relate to soul and mind of humankind, then methodology of is how to influence human soul and thinking. Through it methodology much depends on psychology knowledge. Through psychology is not a new thing; it was exist for a long time age because the first Islamic da’i is Prophet Muhammad S.A.W himself was using that method. If we study on Prophet Muhammad manner it full with psychological applying. This matter could be seen through the different answer by the important of will be a better attractive in.

7. A wider knowledge empowerment.

The explanation of must be related to the issue that surrounding people live. For that purpose the da’i should learn the mutual knowledge that have a relationship with human life. Towards that knowledge, example comparison could be proposing and this matters May confidence the aim with this style could be the attracting power. Base on the propose statement, therefore may be conclude that is not just content that went to delivered to the aims but also the method is important so it may give a good impact to efforts that be held, By that way, must follow its methods.

Religion magazine is published by private, government, association and education institution. From that number 74 percent is published by private that usually is the printer. The involvement madrasah or Sekolah Pondok in religion magazine publication before war is so important it is caused by two factors. First Madrasah is an institution may able to grow the interest to reading among their student. Religion magazine or newspaper becomes only one media that able to them to spread knowledge to the current issue local and broad. Secondly, is because the magazine market at madrasah is so good and many of magazine publisher was appoint madrasah teacher as their sales agent for their magazine.
